2012/2013 ANNUAL REPORT
**REIMAGINING THE
POSSIBILITIES**

Dear Friends of Marillac St. Vincent Family Services,

Can you imagine a world where families are given the resources to begin rebuilding their lives? Where disadvantaged children can thrive in a safe, nurturing, stimulating learning environment? Where teenage mothers can look forward to self-sufficiency and a positive future for their families? Where homebound seniors have their spiritual, emotional, and physical needs seen to?

We imagined...and then we made it possible. For the last 100 years, through dedicated work, generous donors, and compassionate spirit, Marillac St. Vincent Family Services has steadily created throughout Chicago neighborhoods and communities a caring world where those in need are strengthened and empowered to reach their greatest potential.

And now, we're reimagining the possibilities of our mission, as we focus our joined resources and strengths to best serve our families and communities into the future.

To our clients, we will continue to serve, strengthen, and empower you, as we always have. And we look forward to opening even more possibilities for you and your family.

To our donors and partners, your thoughtful, generous contributions support us in helping to make meaningful and positive changes in the lives of our clients. And, together, we'll make even more possible: more effective programs; more innovation; more lives enriched and changed.

To our staff, we are committed to doing everything we can to support and empower you in your work. And, together, we look forward to new possibilities as we strive to enhance and innovate programs for those we serve.

As you read this Annual Report, you will see how Marillac St. Vincent Family Services has begun to reimagine the possibilities for you, your family, and your community.

Thank you again for the many blessings that you have shared with the children, families, teens and seniors at Marillac St. Vincent Family Services.

Sincerely,

Bart Winters
President/CEO
Marillac St. Vincent Family Services

LIGHTING THE WAY

In the fall of 2012, Whitney Allen, Director of Family Services for Marillac Social Center, began working with Gene. Gene needed help applying for the Community and Economic Development Association's (CEDA) PIPP budget to assist with his utilities. Gene, who is 48 years old, went totally blind three years ago. He lives alone, relying significantly on his family and friends to help with basic daily living activities, including reading mail and paying bills.

Several months later, Gene came in to complete a re-certification application so that he could remain on the Percent of Income Payment Plan (PIPP). Since Gene is on a fixed disability income, the PIPP program has been a lifesaver in helping make his utility bills more affordable. After reviewing Gene's

past bills, Whitney discovered that his electric service had been taken out of his name without his permission several months back, even though the service had never been disconnected. Whitney helped Gene reinstate the service in his name, put a password protection on his account, and advocated with CEDA to allow him to remain in the PIPP program.

Once that situation was resolved, Whitney connected Gene to several local organizations dedicated to serving the needs of blind individuals. Over the next few months, staff continued to check in with Gene, and he came in for assistance with reading his mail. One day, Whitney checked in on his PIPP participation in CEDA's database, only to find that he had been removed from the program.

After some investigation, Whitney discovered that it was simply a billing error, and she submitted the appropriate documentation to CEDA. After that, she helped Gene set up automatic payments on his utility bills so that this would not be an issue going forward. Fortunately, Gene's PIPP participation was reinstated and has run smoothly since then.

While it took a lot of time to put together all of the documentation, communicate with the utility company and with CEDA, and get everything straightened out, it was so very well worth it to know what a difference this made in Gene's life. As a token of his gratitude, Gene even sent an Edible Arrangements bouquet to Whitney.

GROWING BY LEAPS AND BOUNDS

Jaden enrolled in the St. Vincent de Paul Center Pre-Kindergarten program in September 2012. Entering the program as a three-year old, Jaden was quiet and non-verbal. Jaden's teachers were concerned with his overall development; they started to conduct observations and involve the Family Support Services staff. Jaden was enrolled in St. Vincent de Paul Center through the Department of Child and Family Services (DCFS) and his aunt, who serves as his foster caregiver. Jaden's biological mother has a history of developmental delays.

Before coming to St. Vincent's, Jaden was admitted into the hospital with severe burns to his body as a result of possible abuse. It was reported that during his time at the hospital he had no family members at his bedside. This is when DCFS began their involvement with Jaden and he was eventually placed in his aunt's care.

With the help of his teachers, aunt, and Family Support Services staff, Jaden underwent a developmental evaluation to assess his needs. As a result of the evaluation, Jaden qualified for speech services. In addition, Jaden secured a spot in a Chicago Public School (CPS) special-needs half-day program. St. Vincent's assisted in making accommodations for his transportation. In order for Jaden to receive additional speech therapy assistance, staff also enrolled him in our on-site Speech Tree therapy program.

The main goal for the school year centered on Jaden developing a 2-3 clear word vocabulary. Jaden had his one-year evaluation in October 2013. Through the use of support services, Jaden has made steady progress in his development. Jaden is a very happy and loving child, who enjoys giving hugs. He is now able to speak sentences and continues to build positive relationships with his peers and the adults around

him. The Family Support Services staff and his teachers have also built a positive relationship with his aunt, providing necessary support in her efforts to raise Jaden. His teacher even attended his one-year CPS evaluation to offer support. Jaden continues to make significant progress with the help and guidance of St. Vincent de Paul Center.

We cannot wait to see what the future holds for him.

100% of Marillac St. Vincent's pre-kindergarten children entering kindergarten in the fall of 2013 met or exceeded literacy expectations.

A WHOLE NEW WORLD

Reimagining possibilities is about removing limitations and opening up to a whole new world of opportunities. In the past year, Marillac St. Vincent Family Services broke ground for the new Vince and Pat Foglia Family and Youth Center at Marillac, scheduled to open in late summer of this year.

We have begun planning for our centennial anniversaries, celebrating 100 years of service to children, teens, families and seniors in Chicago. The success of our past, present, and future depends on the support and dedication of our donors, volunteers, staff, board members, and community partners.

For 27 years, Dan and Patty Walsh have served as leaders within the Marillac St. Vincent community through their continued generosity and commitment to our mission.

Their involvement started with their affection for Sister Katie Norris, who has been a part of St. Vincent de Paul Center for years and now serves on our Board along with Patty, who also serves on the Executive Committee. Patty started as a volunteer in

the 3-year-old rooms, and has also worked as a social worker with the Social Services program.

Dan is a Lifetime Board Member, having served on the St. Vincent's Advisory and Development Board for 23 years, presiding as Chairperson for 18 years. Dan and Patty both grew up on the south side of Chicago and met in high school. They have been married for 44 years and have five children: Amy, who lives at Misericordia Home where she works as a waitress; Meg (Dan Regan); Dan (Katie); Brian (Jessie), and Renee. Dan and Patty have nine grandchildren, with the latest addition arriving this past spring.

Dan serves as Co-chairman of Walsh Construction with his brother Matt, leading the company together since the early 1970s. The company's commitment to excellence and emphasis on family is reflected in their support for Marillac St. Vincent Family Services. Walsh Construction built the new building for St. Vincent de Paul Center and currently is building the new Vince and Pat Foglia Family and Youth Center at Marillac.

We are thankful for the incredible dedication and generosity Dan, Patty, and now their family have demonstrated for Marillac St. Vincent Family Services. As we re-imagine the possibilities for Marillac St. Vincent Family Services, we remain grateful for the continued support from partners such as the Walshes, who help us realize our vision to strengthen and empower those most in need.
